PRESS RELEASE

U-Facilities feat. Diego – HUEPA

“Huepa” delivers a pumping chord-stab house groove, driven by infectious rhythms and powerful Spanish vocals from Diego.

Danish DJ and producer **U-Facilities** returns with another release on New Root Records, this time teaming up with Diego for the new track **“Huepa”**, set for release in early November 2026.

“Huepa” is an energetic vocal house track that combines captivating Spanish vocals with punchy chord stabs and a driving house groove, crafted for the dancefloor.

Effortlessly moving between different club atmospheres, “Huepa” is a perfect **peak-time weapon**, delivering energy when the dancefloor is at its busiest, while also fitting seamlessly into late-night sessions.

A New Chapter for U-Facilities

Behind U-Facilities is a Danish DJ and producer whose roots in electronic music stretch back to the mid-1980s. With more than two decades of music production experience, U-Facilities continues to explore new sounds and creative directions within electronic dance music.

About New Root Records

The release comes through **New Root Records**, an independent Danish record label founded as a collaborative father-and-son project.

With a strong focus on electronic music and artistic freedom, New Root Records aims to create a platform where music, art, and visual creativity come together, driven by a shared passion for electronic sound and creative expression.
